EVANGELISM

We mailed the usual 275 letters to new residents in the Ocala area. The lady who requested the Bible Correspondence in March finished it. On Sunday, April 4, I was assailed by a violent cold bug so vicious we canceled the Sunday PM service.

A letter recipient who requested a home study was not home when Charlotte and I arrived. She has not responded to my efforts to reschedule the Bible study.

The lady who finished the Bible Correspondence Course requested a home study. Charlotte and I met with her for the first time on April 15th. I met with her again on April 22nd and 29th. During the April 29th study, her male housemate came in. When he found out that I do not embrace the Pentecostal philosophy and speaking in tongues he went ballistic. I closed my Bible, left the home with him following me with railings and threatenings — none of which I responded to in any way. I was threatened with arrest for trespassing if I ever go there again. I now have an opening for Bible study @ 1PM on Thursdays.

Again, we just keep sowing the seed.

EDIFICATION

Our Sunday morning Bible study continues in wisdom literature from selected chapters in Proverbs. We began a study in Revelation on April 21st. I'm covering one lesson per week.

PERSONAL

Charlotte finally acquired another secular job. Once again, with the Florida Department of Corrections, Region III Office, in Clermont. It's a 45-mile commute one way but helps in the way of income and health insurance. We are extremely thankful.

We're thankful for your interest, support, and prayers on behalf of our work here.

Until next month, I remain,

Yours in His Service,

Al Sandlin
