Re: December 2010 Report

Dear Brethren,

Our two sons, Daniel and Joshua were able to return home for ten days over the holidays and it was nice to be able to visit with them. They are scheduled to have another 5 days of leave in the first week of February and are then scheduled to deploy to Afghanistan sometime shortly after that. We appreciate all prayers on their behalf.

The Bible studies that we have with the three prisons has been extremely encouraging to us. Though our attendance and participation is cyclical, recently at one of the studies at the Taylor Correctional Institute (TCI) Annex we had 16 men in attendance.

Things continue to go well with the work at North East and we really appreciate your continuing support and fellowship.
